EXPERIENCE NATIONAL SCIENCE WEEK at TAHUNE AIRWALK

Forestry Tasmania and Tahune AirWalk would like to invite your school to visit Tahune during National Science Week between Monday 16th August through to Friday 20th August.

An exciting week to experience and learn about the Science within the Forests.

Forestry Tasmania Scientists will be on-site to showcase a variety of displays for the students to observe and examine. They will also assist with tours and answering questions and can also tailor these to school programs on request.

Tahune AirWalk staff will be offering guided tours of all the usual walks and attractions for your classes, there will also be activities and prizes available for the visiting students to win.

We will be offering a sausage sizzle as a lunch option by gold coin donation, the money raised will be donated to the "Science In Schools Program" so we encourage your support in contributing to this significant program. As an alternative, groups are welcome to bring their own lunch and consume on site.

There is no charge to come and visit Tahune during this week, but we do ask that you advise us if you would like to attend for catering and guide scheduling. This can be arranged by telephone, e-mail or fax (details above right).

Hope to see you here.
